This is an InstaRead Summary of Heaven is For Real: A Little Boy's Astounding Story of His Trip to Heaven and Back by Todd Burpo, Sonja Burpo and Colton Burpo. Below is a preview of the earlier sections of the summary: Prologue: Angels at Arby's Todd explains that on July fourth, 2003, he and his family were en-route to see his wife's brother and his wife and their two-month old baby. The Burpo family was traveling from Imperial, Nebraska, a small farming town, to Sioux Falls, South Dakota. It is the first time his family has gone on a trip since the previous March, when they went to Greeley, Colorado, which ended up being a nightmare because one of the children almost died. Todd and his wife, Sonja, decide it's best to leave at 8 p.m., so Colton, their nearly four year old son, will sleep most of the way. Ninety minutes into the trip, they stop for gas and food in North Platte, and Todd notices that they are near the Great Plains Regional Medical Center where they'd spent fifteen horrific days the previous March praying for Colton's life. He jokingly asks Colton if he wants to go back to the hospital, to which the child replies that they should send his sister, Cassie, instead. He also says that he remembers the hospital because that's where the angels sang to him. Intrigued by his comment, Todd asks what they sang to him. Jesus Loves Me and The Battle of Jericho are the songs Colton remembers with great clarity. Todd and Sonja exchange glances while Todd wonders if his son is remembering a dream. He asks his son what the angels looked like, and Colton says that one looked like his Grandpa, Dennis. He adds that the angels sang to him because Jesus asked them to, because he was scared. Colton says that he sat on Jesus' lap and also that he looked down and saw the doctors working on his body and his mom and dad in separate rooms both praying. Todd and Sonja look at each other in shock, wondering how their son could know exactly where they were and what they were each doing while he was in surgery. Though he is a pastor, Todd has to wonder if what is son is telling him could possibly be true. Chapter One: The Crawl-A-See-Um It's March, 2003, and Todd has a board meeting in Greeley, Colorado. Since the previous August, his family has been dealing with months of injury and illnesses including a shattered leg, two surgeries and cancer. The string of bad luck and ill health has taken a toll on their bank account, even though they have an overhead garage door business and a small pastor's salary to rely on. By February things were starting to get better, so he and Sonja decided to turn his business trip into a family trip to help the family rejuvenate. Sonja had found a Butterfly

Die Formel für Glück Mo Gawdat, 2017-11-24 Mo Gawdat befasst sich schon seit Jahren mit dem Thema Glück und was dieses ausmacht. Als Entwickler und Leiter in Googles Denkfabrik, Google[X], geht er das Problem eben wie ein solcher an: Er prüft alle prüfbareren Fakten und sucht die Logik dahinter. Nach unzähligen Stunden, Büchern und Interviews konnte er tatsächlich eine Gleichung für dauerhaftes Glück aufstellen. 13 Jahre später kam der härteste Test für Gawdats Glücksalgorithmus - sein Sohn starb völlig unerwartet mit 21 Jahren. Doch die Gleichung ging auf und verhinderte, dass er und seine Familie in völlige Verzweiflung abglitten. Nach der weitestmöglichen Verarbeitung dieses Verlustes fand Mo Gawdat seine Mission: die Verbreitung der Formel, die ihm geholfen hat, sein Leid zu überwinden. Seine Formel hilft heute jedem, wieder klarer zu sehen, die richtigen Prioritäten zu setzen und so zufriedener in die Zukunft zu starten - ob privat oder im Beruf. Die Formel für Glück beantwortet somit eine der häufigsten Fragen: Was kann ich tun, um glücklicher zu werden?

Selling the Stairway to Heaven Jim Osman, 2015-04-01 Heaven visitations are all the rage today. A retelling of the sights, sounds, and smells of a supposed trip to Heaven can land an author at the top of the bestseller list and produce enough speaking engagements, morning television appearances, news segments, and interviews on Christian TV and radio to keep him at the top of the bestseller list for quite some time. In this book, author and pastor Jim Osman of Kootenai Community Church examines the claims of Heaven Tourists: Don Piper (90 Minutes in Heaven), Colton and Todd Burpo (Heaven Is for Real) and Eben Alexander (Proof of Heaven). Pastor Osman offers a critical theological critique of their writings and media appearances, comparing their claims to Scripture and to each other. He also examines their stories for internal consistency. He shows that these eye-witness testimonies of Heaven are not only self contradictory, but more importantly, they contradict Scripture. Pastor Osman calls upon faithful Christians everywhere to reject these cleverly devised fables and affirm their commitment to the sufficiency of Scripture as God's infallible and final revelation. This book will equip you to expose the errors of the Heaven Tourism industry and to defend the truth of Scripture. By providing critical theological reviews of these three bestsellers, this book helps expose the errors made by ALL those who claim to have visited Heaven. Chapter headings are as follows: Introduction Chapter 1 - A Critical Theological Review of Don Piper's Book 90 Minutes in Heaven Chapter 2 - A Critical Theological Review of Todd Burpo's Book Heaven Is for Real Chapter 3 - A Critical Theological Review of Eben Alexander's Book Proof of Heaven Chapter 4 - Conclusion: The Problems with Heaven Tourism Chapter 5 - Do You Know the True Gospel? About the Author All the proceeds from the sale of this book go to the Kootenai Community Church building fund. Rethinking Our Story G. Douglas Hammack, 2014-01-13 If it ain't broke, don't fix it. But it's no secret that the Christian church is broke, and does need fixing. Despite great effort, things are going badly for us. We've tried trendy and tech-savvy, entrepreneurial and coffee-house gritty. They're not helping. Our problem is deeper than that. Our problem is our instincts--instincts informed by our story. There was a time when the Christian church was a powerfully transformative presence in society. It can be again--but it will require radical rethinking of the story that informs our instincts. And it's time! It's been five hundred years since the Reformation, our last major update. Today is a pivotal moment in history. With our worldview upended by quantum physics, history is demanding we renew the Christian story for our times. *Rethinking Our Story* reframes the elements of the Christian narrative for the new era. It explores quantum ways of thinking about God, human nature, Jesus, salvation, and the afterlife. The future of the church and the health of our society depend on our willingness to rethink, retell, and live out a better story. We will either update our instincts and contribute to the earth's well-being--or disappear into oblivion.

What's the Truth About Heaven and Hell? Douglas A. Jacoby, 2013 Recent books about heaven and hell have aroused

the interest of committed Christians and curious seekers alike. But the wide range of viewpoints has also created confusion and left many people wondering what they are to believe. This user-friendly guide presents the most popular views on heaven, hell, purgatory, judgment, and related topics, followed by brief, easy-to-follow analysis. Readers will be equipped to make their own well-informed decisions about questions like these: What happens when we die? Where did the idea of purgatory come from? Will our bodies be resurrected someday? If so, does cremation offend God? Will unbelievers be judged by God and punished in hell forever? Or will they be annihilated? What about those who never heard the gospel message? This summary of the latest Evangelical teaching and traditional mainstream scholarship provides readers with tools to assess each position in the light of Scripture.

How to Know You're Going to Heaven John Ankerberg, John Weldon, 2014 Most Christians experience doubts at times about their salvation, and that uncertainty can be alarming. But either salvation is eternally secure from the moment of genuine faith or it isn't. And no subject is more important than the assurance that you can know at this very moment that you possess eternal life. *How to Know You're Going to Heaven* provides the undeniable and compelling biblical proof to resolve any uncertainty about your eternal destiny. As you encounter the infinite treasure and wonder of Jesus Christ and all He has accomplished for you on the cross, you will experience joy and lasting freedom once and for all--forever.

Eine Geschichte der Welt in 10,5 Kapiteln Julian Barnes, 2015-01-08 Ein Klassiker von Julian Barnes - genial und witzig In 101/2 miteinander korrespondierenden Episoden schreibt Julian Barnes davon, wie es ist, wenn man sich in die Fluten des Lebens stürzt. Auf den Spuren des Arche-Noah-Mythos nagt er sich, einem seiner kleinsten Protagonisten gleich, durch das Leben und die Geschichten, die es schreibt. Er berichtet von einem blinden Passagier, der mit ansehen muss, wie seine Mitreisenden einer nach dem anderen von der hungrigen Mannschaft der Arche Noah verspeist werden, von den sonderbaren Irrfahrten einer jungen Frau, von einer beschwerlichen Reise zum Berg Ararat, einem Filmdreh in Südamerika, der furchtbar in die Hose geht, von einer Geiselnahme auf hoher See, von Géricaults »Floß der Medusa« und wie aus einer Katastrophe Kunst wird.»Eine Geschichte der Welt in 101/2 Kapiteln« ist ein meisterliches Spiel mit Erzählformen und Perspektiven, eine Reise durch die Jahrhunderte und durch die Möglichkeiten der Sprache.

Radically Human Paul Daugherty, H. James Wilson, 2022-04-26 Technology advances are making tech more . . . human. This changes everything you thought you knew about innovation and strategy. In their groundbreaking book, *Human + Machine*, Accenture technology leaders Paul R. Daugherty and H. James Wilson showed how leading organizations use the power of human-machine collaboration to transform their processes and their bottom lines. Now, as new AI powered technologies like the metaverse, natural language processing, and digital twins begin to rapidly impact both life and work, those companies and other pioneers across industries are tipping the balance even more strikingly toward the human side with technology-led strategy that is reshaping the very nature of innovation. In *Radically Human*, Daugherty and Wilson show

this profound shift, fast-forwarded by the pandemic, toward more human—and more humane—technology. Artificial intelligence is becoming less artificial and more intelligent. Instead of data-hungry approaches to AI, innovators are pursuing data-efficient approaches that enable machines to learn as humans do. Instead of replacing workers with machines, they're unleashing human expertise to create human-centered AI. In place of lumbering legacy IT systems, they're building cloud-first IT architectures able to continuously adapt to a world of billions of connected devices. And they're pursuing strategies that will take their place alongside classic, winning business formulas like disruptive innovation. These against-the-grain approaches to the basic building blocks of business—Intelligence, Data, Expertise, Architecture, and Strategy (IDEAS)—are transforming competition. Industrial giants and startups alike are drawing on this radically human IDEAS framework to create new business models, optimize post-pandemic approaches to work and talent, rebuild trust with their stakeholders, and show the way toward a sustainable future. With compelling insights and fresh examples from a variety of industries, Radically Human will forever change the way you think about, practice, and win with innovation.

Medicine of the Imagination: Dwelling in Possibility Imelda Almqvist, 2020-10-30 The human imagination gives rise to the most beautiful man-made structures and creations on Earth: architecture, literature, theatre, music, art, humanitarian initiatives, moon landings and space exploration, mythology, science, they all require a large dose of imagination. We all live surrounded by the results of the imagination of our peers, and the creations of our ancestors. Without imagination there is no compassion, no moral compass and no progress. But without imagination there is also no fear of death. There are no premeditated murders or terrorist attacks; these rely on the human ability to imagine, to call up images and test-drive possible scenarios in the human mind. Once we get out the magnifying glass, we discover that the imagination is a double-edged sword. All of us together, humanity as a collective, are creating very confused and mixed outcomes: world peace remains elusive, wars rage and children starve. Addictions and pollution proliferate. *Medicine of the Imagination: Dwelling in Possibility* examines these issues and suggests that if we are to transcend religious wars, homophobia and medical “cures” worse than the diseases we face then it that it is our moral duty to engage our imagination in service to other people.

Das Wunder von Coldwater Mitch Albom, 2014-11-10 Was, wenn das Ende gar nicht das Ende ist? Am anderen Ende der Leitung hört Tess die Stimme ihrer Mutter - und lässt vor Schreck den Hörer fallen. Ihre Mutter ist seit vier Jahren tot ... Und Tess bleibt nicht die einzige; auch andere Bewohner erhalten Anrufe von Verstorbenen. Schnell ist die Rede von einem Wunder, und Coldwater rückt in den Fokus der Medien. Immer mehr Menschen glauben an die Anrufe aus dem Himmel. Nur einer nicht: der Pilot Sully Harding ist entschlossen zu beweisen, dass alles ein riesiger Schwindel ist. Aber ist es das? Oder existiert das Wunder von Coldwater wirklich?

Real Fake Menno van Doorn, Sander Duivestijn, Thijs Pepping, 2021-10-15 Get on a rollercoaster of disinformation and media manipulation. From lying hieroglyphs to computer-generated influencers and the future of deepfakes. People have always felt the need to play with reality, but never before has it been so easy and believable as now. How do we keep a grip on the information society now that artificial intelligence is getting involved in the manipulation game? Unlike most books about fading realities, *Real Fake* looks beyond the doom scenarios. Using inspiring restoration stories and a new set of Reality Ethics, the authors of *Real Fake* outline a hopeful future for the playful human. *Real Fake* educates, terrifies, and stimulates simultaneously. Nascent synthetic media technology has the potential to create mayhem or happiness for society -- the authors brilliantly paint a picture of how this battle will play out over the next ten years. And most interestingly, they predict the democratization of creativity -- how the new digital tools will unleash a dynamic and vital era of marketing, commerce, and art. George F. Colony, CEO, Forrester As someone who has studied authenticity (real vs. fake) and the rise of digital technology (real vs. virtual), no one has intertwined these topics in as interesting, insightful, and indispensable a narrative as the authors of *Real Fake*. Digital technology is giving us something akin to superpowers. Will we use them to obliterate the distinctions between authenticity and inauthenticity, reality and virtuality, human and machine? Or will we find a path into a future that preserves what makes us human while ennobling our technology in service to our innate needs? *Real Fake* says yes. -- B. Joseph Pine II, co-author, *The Experience Economy: Competing for Customer Time, Attention, and Money* An extremely authentic book! Daisy Williams, virtual human

Quakers, Christ, and the Enlightenment Madeleine Pennington, 2021-03-04 The Quakers were by far the most successful of the radical religious groups to emerge from the turbulence of the mid-seventeenth century—and their survival into the present day was largely facilitated by the transformation of the movement during its first fifty years. What began as a loose network of charismatic travelling preachers was, by the start of the eighteenth century, a well-organised and international religious machine. This shift is usually explained in terms of a desire to avoid persecution, but *Quakers, Christ, and the Enlightenment* argues instead for the importance of theological factors as the major impetus for change. In the first sustained account of the theological changes guiding the development of seventeenth-century Quakerism, Madeleine Pennington explores the Quakers' positive intellectual engagement with those outside the movement to offer a significant reassessment of the causal factors determining the development of early Quakerism. Considering the Quakers' engagement with such luminaries as Baruch Spinoza, Henry More, John Locke, and John Norris, Pennington unveils the Quakers' concerted attempts to bolster their theological reputation through the refinement of their central belief in the 'inward Christ', or 'the Light within'. In doing so, she further challenges stereotypes of early modern radicalism as anti-intellectual and ill-educated. Rather, the theological concerns of the Quakers and their interlocutors point to a crisis of Christology weaving through the intellectual milieu of the seventeenth century, which has long been under-estimated as significant fuel for the

emerging Enlightenment.
