It does not matter if that paper is meant to be informative or persuasive. Regardless of tone or style, this booklet can guide the writer through to a finished paper.

Burnaford,Arnold Aprill,Cynthia Weiss,2013-09-05 This book invites readers to consider the possibilities for learning and growth when artists and arts educators come into a classroom and work with teachers to engage students in drama, dance, visual art, music, and media arts. It is a nuts-and-bolts guide to arts integration, across the curriculum in grades K-12, describing how students, teachers, and artists get started with arts integration, work through classroom curriculum involving the arts, and go beyond the typical unit to engage in the arts throughout the school year. The framework is based on six years of arts integration in the Chicago Arts Partnerships in Education (CAPE). Renaissance in the Classroom: *fully explains the planning, implementation, and assessment processes in arts integration; *frames arts integration in the larger context of curriculum integration, problem-based learning, and the multiple intelligences; *provides the theoretical frameworks that connect standards-based instruction to innovative teaching and learning, and embeds arts education in the larger issue of whole school improvement; *blends a description of the arts integration process with personal stories, anecdotes, and impressions of those involved, with a wealth of examples from diverse cultural backgrounds; *tells the stories of arts integration from the classroom to the school level and introduces the dynamics of arts partnerships in communities that connect arts organizations, schools, and neighborhoods; *offers a variety of resources for engaging the arts--either as an individual teacher or within a partnership; and *includes a color insert that illustrates the work teachers, students, and artists have done in arts integration schools and an extensive appendix of tools, instruments, Web site, contacts, and curriculum ideas for immediate use.
